Oriental Fruit Fly (OFF)

Los Angeles County

Glendora

Los Angeles County Department of Agriculture trapper Daniela Curiel found one male OFF on January 13, 2004 in a Jackson/methyl eugenol trap placed along Briargate Lane.

The Jackson/methyl eugenol trap density in the area is five traps per square mile.

In response, CDFA will increase the Jackson/methyl eugenol and McPhail trap density to 25 traps per square mile in the epicenter square mile.

CDFA Insect Biosystematist Kevin Hoffman made the determination.

SUMMARY - 2004 ORIENTAL FRUIT FLY FINDS
